

<b>Programme</b>	<b>LIFELONG LEARNING</b>
<b>Subprogramme</b>	<b>COMENIUS</b>
<b>Action Category</b>	<b>PARTNERSHIPS</b>
<b>Action</b>	<b>COMENIUS Regio Partnerships</b>
<b>Objectives and description of the action</b>	<p>Comenius Regio Partnerships aim at enhancing the European dimension of education by promoting co-operation activities between local and regional authorities with a role in school education in Europe. The partnerships give educational authorities, in cooperation with schools and other actors in education, in different regions, the opportunity to work together on one or more topics of mutual interest.</p> <p>Comenius Regio Partnerships help the participating regions to develop and exchange best practice in school education, to develop tools for sustainable cooperation across borders, and to strengthen the European dimension in school education.</p> <p>Comenius Regio Partnerships consist of 2 "partner regions". Each partner region must involve:</p> <ul style="list-style-type: none"> <li>- the local or regional authority with a role in school education</li> <li>- at least one school</li> <li>- at least one other relevant local partner (e.g. youth or sport clubs, parents and pupils associations, local teacher training institutes, other learning providers, VET institutions and local employers, museums and consulting services/ advisory boards).</li> </ul> <p>Only local or regional authorities with a role in school education are eligible to apply for funding and must coordinate the project within their region.</p> <p>Comenius Regio Partnerships must include partner regions from two countries participating in the Lifelong Learning Programme; one of the participating regions must be from a EU Member State.</p> <p>Comenius Regio Partnerships should focus their work on clearly defined themes. These might concern the organisation of school education, cooperation between schools and other local partners (e.g. providers of formal or non-formal learning), or common problems in school education (e.g. inclusive education, violence at schools, racism and xenophobia). They should lead to a concrete result of their cooperation (e.g. publications, events such as a conference or seminar).</p> <p>Comenius Regio Partnerships should help regions to improve their educational offer for young people. The main purpose of Comenius Regio is not to involve pupils or students directly but to focus on school development and the structured cooperation among the partner regions. Pupils and students normally benefit from Comenius Regio Partnerships indirectly rather than as main participants.</p> <p>Examples of activities that can be carried out in Comenius Regio partnerships:</p> <ul style="list-style-type: none"> <li>• Project meetings between all institutions involved in the partnership</li> <li>• Exchanges of staff involved in school education (e.g. teacher exchanges, study visits of staff working in the local/ regional school administration)</li> <li>• Action research, small studies</li> <li>• Job shadowing</li> <li>• Exchanges of experience and good practice with partner regions / municipalities abroad</li> <li>• Peer learning activities and common training sessions</li> <li>• Conferences, seminars and workshops</li> <li>• Awareness raising, campaigns</li> <li>• Drafting, publishing and disseminating documentation related to the co-operation activities</li> <li>• Linguistic preparation of staff participating in the partnership</li> <li>• Co-operation with other projects in related subject areas (including Comenius Multilateral Projects and Comenius Multilateral Networks), including mobility to network events if relevant, sharing experience with other institutions in the region</li> <li>• Joint self-evaluation activities</li> <li>• Dissemination of project experiences and outcomes</li> </ul> <p>Already at application stage, applicants should consider in concrete terms how to ensure the sustainability of the outcomes. This could be the support of future bi- or multilateral school partnerships, the establishment of regular teacher exchanges or study visits, as well as the implementation of new methods and practices.</p> <p>Comenius Regio Partnerships should disseminate their results within their partner organisations and support other regions or institutions to profit from their experiences. At application stage they are asked to provide a dissemination plan as well as ideas how results could be used by themselves and others.</p> <p>Comenius Regio Partnerships can be combined with already existing activities in Town Twinning or other European educational programmes, but should clearly create additional cooperation activities as well as a deepening of already existing cooperation in the field of school education and show that there is no overlap between activities funded from the EU budget.</p>
